Free - Interactive Training for Professional and Family Caregivers

Accepting the Challenge….

Building Hands-On Skills for Middle Stages of Alzheimer's Disease and Other Related Dementias

Taught by master trainer Teepa Snow MS, OTR/L, FAOTA

This training session will help participants use effective strategies for helping people with dementia during personal care, reducing resistance to care. Participant will learn effective combinations of helping techniques and recognize the value of consistent positive reinforcement and active engagement. Use of role playing will be used to demonstrate.

Wednesday, September 30, 2009
